## Important safety and environmental instructions

### 1.2 Compliance with the WEEE Directive and Disposing of the Waste Product:

This product complies with EU WEEE Directive (2012/19/EU). This product bears a classification symbol for waste electrical and electronic equipment (WEEE).

This symbol indicates that this product shall not be disposed with other household wastes at the end of its service life. Used device must be returned to official collection point for recycling of electrical and electronic devices. To find these collection systems please contact to your local authorities or retailer where the product was purchased. Each household performs important role in recovering and recycling of old appliance. Appropriate disposal of used appliance helps prevent potential negative consequences for the environment and human health.

### 1.3 Compliance with RoHS Directive

The product you have purchased complies with EU RoHS Directive (2011/65/EU). It does not contain harmful and prohibited materials specified in the Directive.

### 1.4 Package information

Packaging materials of the product are manufactured from recyclable materials in accordance with our National Environment Regulations. Do not dispose of the packaging materials together with the domestic or other wastes. Take them to the packaging material collection points designated by the local authorities.

## 1.5 Plug Wiring

The moulded plug on this appliance incorporates a 13 A fuse. Should the fuse need to be replaced an ASTA approved BS1362 fuse of the same rating must be used. Do not forget to refit the fuse cover. In the event of losing the fuse cover, the plug must not be used until a replacement fuse cover has been fitted. Colour of the replacement fuse cover must be the same colour as that visible on the pin face of the plug. Fuse covers are available from any good electrical store.

### • Fiting a different plug

- As the colours of the wires in the mains lead of this appliance may not correspond with the coloured markings identifying the terminals on your plug, proceed as follows:
- Brown cable = L (Live)
- Blue cable = N (Neutral)
- Green/yellow cable must be connected to ground (E)  $\equiv$  line
- With the alternative plugs a 13 A fuse must be fitted either in the plug or adaptor or in the main fuse box. If in doubt contact a qualified electrician.

## 2 Your Mixer

### 2.1 Overview

1. Motor unit
2. Accessory slots
3. Accessory release button
4. Operation and speed adjustment button
5. TURBO Button
6. Whiskers (6a/6b)
7. Dough kneading spirals (7a/7b)

### 2.2 Technical data

**Voltage:** 220-240 V~, 50/60 Hz

**Power:** 350 W

Technical and design modifications reserved.

The values which are declared in the markings affixed on your product or the other printed documents supplied with it represent the values which were obtained in the laboratories pursuant to the pertinent standards. These values may vary according to the usage of the appliance and ambient conditions.

## 3 Operation

### 3.1 Intended use

This appliance is intended only for household use; it is not suitable for professional use.

### 3.2 Initial use

Clean the appliance parts before initial use (see 4.1).

### 3.3 Whisking / Blending

1. Insert whisking and blending accessories in slots (2) under the mixer.
2. Insert whisking accessory with a round ring (6a) and mixer spiral (7a) into the large slot and other whisking (6b) and mixer spiral (7b) into the small slot in the mixer.

**WARNING:** Do not use whisker accessory together with mixer spirals.

Start mixing in low speed while mixing ingredients. Ingredients may be splattered when you start with high speed.

3. Plug in the appliance.
4. Hold the appliance above the container in which you previously prepared the ingredients for whisking or mixing in an inclined position, pointing the base of the container.

**WARNING:** Place the container to be used for processing on a stable and flat surface.

5. Run the appliance moving the operation button gradually (4) to desired speed level.

**WARNING:** Speed levels range between 1-5. Increase speed by starting with level 1.

6. When whisking/mixing is completed, move operation button (4) to "0" position and wait for it to stop completely.

## 3 Operation

**WARNING:** Set the speed adjustment button to "0" position when processing is over.

7. Unplug the appliance.
8. Press accessory release button (3) and remove accessories.

**WARNING:** When operation button is in "0" position, you can press accessory release button to release whisker and mixer accessories.

### 3.3.1 Whiskers

- Always use both whiskers.
- Teflon-coated pots can be scratched.
- Use for whisking liquid ingredients such as cakes, sauces, soup.

### 3.3.2 Mixer spirals

- Always use both mixer spirals.
- Teflon-coated pots can be scratched.
- Use to knead dough.

### 3.4 TURBO button

When you need extra high speed, press and hold TURBO button and release when you do not need.

**WARNING:** Do not use TURBO feature for more than 1 minute.

### 3.5 Things to do for energy saving

Switch off and unplug the appliance after using it.

## 4 Cleaning and care

### 4.1 Cleaning

**WARNING:**

Never use gasoline, solvent, abrasive cleaning agents, metal objects or hard brushes to clean the appliance.

1. Unplug the appliance before cleaning.
2. Make sure whisker and mixer spirals are at complete stop and remove accessories.
3. Wipe appliance motor unit (1) with a damp cloth.
4. Removed accessories can be washed using a sponge and dish-washing detergent.
5. Dry all parts of the appliance after cleaning.

**WARNING:** Whiskers and kneading spirals are dishwasher safe.

### 4.2 Storage

- If you do not intend to use the appliance for a long time, store it carefully.
- Unplug the appliance before lifting it.
- Store the appliance in a cool and dry place.
- Keep the appliance and cable out of the reach of children.

### 4.3 Handling and transportation

- During handling and transportation, carry the appliance in its original packaging. The packaging of the appliance protects it against physical damages.
- Do not place heavy loads on the appliance or the packaging. The appliance may be damaged.
- Dropping the appliance may render it non-operational or cause permanent damage.
